May 12, 2016

Dear Parent,

We need your input! Our school district and the Kentucky Department of Education want to hear from parents regarding how well your child's school is doing to involve you in the process of providing special education services through your child's IEP. Please go to [www.kypso.org](http://www.kypso.org), click "[Click here to access the 2016 Parent Survey](#)" and complete a short survey (11 questions). Please note that the survey items are asking about your experiences in your child's current school year (2015-16).

The link will work on your smartphone or other internet-capable device. You are also welcome to come to the school and use one of our computers. Unfortunately, we cannot process paper copies of this survey.

Only one parent per student should complete this survey. However, if you have more than one child with an IEP, please complete a survey for each of your children.

All responses are anonymous and cannot be traced back to you or your child. Results will be analyzed by the Human Development Institute (HDI) at the University of Kentucky and used for a report to the U.S. Department of Education. We will also be reviewing the final report to see if we can do more to involve parents in their child's special education program.

Please note the report will discuss the overall performance of our school district in the area of parent involvement. Neither you nor your child can be identified by the HDI final report. The deadline for completing this very important survey is **Wednesday, June 15, 2016**.

Thank you for your help.

*Dawn Hardeman*

Director of Special Education  
Menifee County Schools
