**PROGRAM APPRAISAL POLICY**

**PROGRAM APPRAISAL NEEDS ASSESSMENT**

Our yearly comprehensive school improvement planning process will include:

- An analysis of our state testing data and other school data as necessary to discover the extent to which our students are meeting state standards and our programs are proving effective, including but not limited to our categorical programs.
- Systematic work to discover and correct the causes of any barriers to high performance by all students and the movement of students toward our goals.
- Systematic program reviews for the following programs: Title I and Extended School Services (ESS) each December.
- A revision of our school improvement plan based on our needs assessment data for that year. The plan will set goals, address causes and make indicated changes to programs to help move our students to state standards according to the timetable established by the Kentucky Board of Education.

We will implement this process to address the effectiveness of all our programs and the resulting plans for improvement will be monitored by the council.

**POLICY EVALUATION**

We will evaluate the effectiveness of this policy through our school improvement planning process.
